America's Slogan: Freedom, For All, Forever!

Now is the time for all American children to hear and learn to sing the stirring patriotic songs of our country,—the music which is inspiring the boys of Uncle Sam's Army and Navy, who are helping to win the war.

Now, if never before, our boys and girls should know the good old folk melodies of America, and the wholesome, hearty country dances of our pioneer forefathers:

The First Week in September is to be *The National Week of Recreation.*

Many old American Country Dances, recently revived by Elizabeth Burchenal and featured, with full directions, in her new book on "American Country Dances" (Published by G. Schirmer), have been recorded by the Victor Company under her direction.

The Victrola and Victor Records

are the *best* means by which these old American country dances may be brought into your school and community festivals. They are simple, tuneful, charming, easily taught, and have a truly American flavor.

Ask to hear the following records played by the Victor Military Band, at your dealer's:

HALL & MCCREARY (436-432 South Wabash Ave.) CHICAGO, ILL.

Twice the Service at Half the Cost

Half the size of an ordinary upright, and weighing about half as much, one of these little pianos in a school means more music for more rooms than two of the larger, heavier instruments. Two small boys can easily move the Miessner from room to room—two men can easily carry it up or down stairs.

The Miessner stands only 3 feet, 7 inches high. It has a keyboard of full seven octaves and a tone as big, full and pure as that of any upright or small grand. It costs about half as much as the ordinary upright.

The Miessner Piano

"The Little Piano With the Big Tone"

THE MIESSNER PIANO

The Little Piano With the Big Tone

Every teacher knows that a piano is as necessary in a school as an organ in a church and this wonderful little instrument makes it possible for every school to have real singing lessons.

Its small size enables the teacher to look right over the top—see every pupil in the room without turning her head. The pupils can watch every expression of her face—follow her lead and catch her inspiration as never before.

A High Grade Instrument

In quality and volume of tone, and in rigidity of construction the Miessner Piano is the equal of any ordinary upright of standard make. New ideals in con-

struction result in considerably lessening the strain and tension and thereby lengthening the life of the instrument. It is in every way a strictly high grade instrument, beautifully finished and handsome and artistic in appearance.

Supervisors Enthusiastic

Thousands of supervisors who have seen and heard the Miessner Piano have expressed their enthusiastic appreciation of what it means to music education.

It is the answer to a real need long felt by every teacher and supervisor—the logical solution of a problem which has long been apparent. Not only will it enable every school to have a

piano, and put new life and interest into the music period—it also makes practical the next step in music, piano instruction in the schools.

"Factory to School-room" Plan

The Miessner Piano is not sold through dealers, but on our "Factory to School-room" plan. This enables us to place the instrument in your schools at about half the cost of an ordinary upright of standard make.

Shipped on Approval

Furthermore, we ship it to you on approval. You do not pay one penny until you have had ten days to examine it, play on it, test its quality and volume of tone. If you find it is not all we claim for it, ship

it back at our expense. Could a manufacturer offer more conclusive evidence of his belief in his product.

Ten-year Guarantee

And the Miessner is sold under an unconditional ten-year guarantee which gives you absolute assurance of service and satisfaction.

It rings with the spirit of joy and achievement.

Altho the selections were made primarily for boys, they are nevertheless well adapted for school classes.
